

Become a Tobacco-Free Worksite!

An American Productivity Audit found that tobacco use was a leading cause of worker lost production time — more than alcohol abuse or family emergencies.

Unlike smoke-free indoor policies, Tobacco Free Campus policies are not solely designed to protect nonsmokers from secondhand smoke but rather are also **intended to encourage employees to improve their health by quitting the use of tobacco products.**

Tobacco-free campus policies prohibit the use of all tobacco products, including smokeless products, both indoors and outdoors. Tobacco-free campuses create work environments in which tobacco users find it easier to reduce their consumption or quit altogether.

To make your worksite tobacco-free, call Health Educator Nicole Smith at **(740) 349-1663** or email nsmith@lickingcohealth.org.
