Zip Code Map is for all current ACTIVE cases and not the total number of COVID-19 cases reported back in March 2020.

Zip Code Mapping: The Licking County Health Department will publish zip code level data for COVID-19 cases belonging to the health jurisdiction once per week. Cases belonging to each zip code will be color coded based on the number of current active cases.

Zip Code Boundaries: Please take note, zip codes overlap county boundaries and LCHD is only mapping cases for each zip code that belong to the Licking County health jurisdiction. More cases may be present in a particular zip code but belong to another health jurisdiction.

Color Coding: Cases per zip code are being color coded with four different shades of blue. Lighter shades indicate fewer cases and increase with darker shades of blue. Zip codes labeled white do not have cases within the Licking County health jurisdiction.

*Some of the smaller zip codes and those along the border could not be mapped. Please reference the table on the next slide for any missing zip codes.
