CAR SEAT SAFETY. WINTER EDITION 2021

**DRIVING IN WINTER WEATHER CAN BE UNPREDICTABLE**  
Take some of the unpredictability out of the equation by making sure your little one is buckled in the right car seat for their age, height and weight.

## WATCH FOR COUNTERFEITS THIS SHOPPING SEASON

Fake car seats have flooded the market recently, putting kids at greater risk of injury in a crash. Identifying fakes isn't always easy. Many look like the real thing. Make sure to do your research to ensure a safe seat for your child.

### Have Questions?

We have trained car seat technicians who can help install your seat securely and answer any car seat questions you have.

## WHEN FORWARD FACING, USE THE TA

Tether Anchors (TA) prevent whiplash & other injuries in crashes. Make sure you use the TA when forward facing a car seat.
