

CAR SEAT CHRONICLES

CAR SEAT SAFETY. SPRING EDITION 2023

CHILD PASSENGER SAFETY SURVEY

LCHD's CIP program is working to determine parent/guardian knowledge of child car seats and car seat safety!

If you have a child (or children) **under the age of 14** please take 2 minutes to complete the below survey!

A child can ride **safely** without a **booster** seat when you can say **YES** to **ALL 5**

1

Back against the vehicle seat

2

Knees bend at edge of seat

3

Lap belt on tops of thighs, not on belly

4

Shoulder belt between neck and shoulder

5

Sits properly. No slouching, no playing with seat belt, etc.

* To ride safely, most kids need a booster until age 10-12 *

THE CAR SEAT LADY

IS YOUR CHILD SEAT BELT READY?

By Ohio law, a child **MUST** be either 8 years old or 4'9" tall to ride in a vehicle without a booster seat.

While the law says 4'9" OR 8 years old, some children do not reach this height until years after they're 8.

Please wait until your child is **tall** enough to use a seatbelt.

Check the image to see if your child is tall enough to properly ride without a booster.

Have Questions?

We have trained car seat technicians who can help install your seat securely and answer any car seat questions you have.

Need a car seat? LCHD has free car seats available for eligible families.
